The Jacksonville Times-Union says three men got into trouble in that city a few days ago. That's nothing. We have known as many as six men in Wilmington to get married in a day.

A dispatch from Oyster Bay says President Roosevelt is 'put out" by the treasury deficit. We always did believe in seeing a Republican put out and we entertain the hope that the President's whole party will get put out in 1908.

Judge Slover, of Kansas, has rendered a decision that a man's wife has a perfect right to go through his pockets. Huh! No woman will give shucks for Slover's opinion in a matter which she decided for herself before court decisions were ever heard of.

"What kind of life should a man lead?" asks a moralist. It is up to him to make choice of the Simple Life, the Strenuous Life, and the Scandalous Life. He pays his money and takes his choice of the first two, or chooses the latter and pays out money whether it is his or not.

Says the Atlanta Journal: "There is not so much difference between boys and girls these days." There is no reason why there should be any difference when they can get together and adjust their differences by proving that they are not engaged "for fun."

"What can we do to keep so many men from being bachelors?" asks a lady writer in a magazine. We know of nothing that will so effectively and rapidly put them out of business than to present them a chafing dish outfit and one of those nice cabinets that go with it as presents for men who are trying to go through life without a wife.

POLICE MADE TWO RAIDS

Negro Dens of Vice Being Cleaned Up With View to Stopping Illegitimate Liquor Traffic.

Headed by Chief Williams, Sergeant S. S. Burnett and Acting Sergeant J. J. Moore, a squad of police this morning, just after the hour of midnight, made a raid upon a negro lodging house kept by Ed. McDuffie, over Brown's pool room, on Second between Market and Princess streets. Seven young negro men and a young negro woman were locked up at the police station as witnesses and defendants in an investigation which the police are making upon complaint that the place has been disorderly and that liquor has been sold there without license and on Sunday. The police raided the place by advancing from the front and rear and posting sentinels at all points of outlet. James F. Dry, son of the well known colored tailor of the same name, who keeps a restaurant in the same tier of buildings, was arrested also, upon complaint of respectable people living adjoining that the place has been disorderly at night. Dry gave bond with his father as surety and was released.

Upon information obtained from those arrested about 1:30 o'clock this morning a part of the same squad of officers raided a place kept by Della Davis, colored, on Water, near Chesnut street. Eleven others were taken into custody there and they were locked up at the police station for the investigation Monday. Della Davis is charged with selling liquor on Sunday and without license.

The raid by the police last night had been contemplated for a week or ten days, Chief Williams having been quietly at work gathering the evidence. The facts will be brought out at the preliminary trial before the Mayor at noon Monday.

LOCAL DOTS.

—Lumina bowling contest was won last night by Mr. J. S. Potts—score, 220. He was awarded the prize of $5 in gold offered by the Consolidated Company.

—Citizens are complaining of the depredations of young white boys of respectable parentage in the southern part of the city. The authorities have been "put wise" and unless the depredations cease, arrests will follow.

—While foolishly engaged in trying to clean out an oil hole in the end of a swiftly revolving upright shaft at the Cape Fear lumber mill yesterday, a negro laborer had one of his fingers caught and twisted off. Dr. T. M. Green was summoned and dressed the wound.

—John Bowen, a negro employed on a delivery wagon of the Independent Ice Company, was arraigned in Justice Furlong's court yesterday on a charge of assaulting Charity Parker, colored, with a whiskey flask Friday night. The woman had to be sent to the hospital.

—The barque Hancock and the Norwegian steamer Banan cleared yesterday, the former with cargo of lumber from S. & W. H. Northrop for Port-au-Prince, Hayti, and the latter for Nipe Bay, Cuba, with cargo of cross ties consigned by Capt. Quinby, the master, as agent.

—Tom and Ella Pugh, the negro couple arrested for perjury in swearing falsely in an attempt to establish an alibi for the negro Willie Jones, who broke into the residence of Mrs. Shepard, were arraigned before Justice Bornemann yesterday and bound to Superior Court in bonds of $25 each, in default of which they went to jail.

—A commission of lunacy composed of Justice Furlong and Dr. W. D. McMillan yesterday examined into the case of Sam Stokes, the negro recently arrested for the Georgetown, S. C., authorities but whose identification as the man wanted, did not materialize. Stokes was adjudged a fit subject for the State colored insane asylum at Goldsboro where he will be sent as soon as a place for him can be found.

COURT'S ADJOURNED

Business of Sessions of July Term Completed Yesterday About Noon

THE SENTENCES IMPOSED

Willie Jones, for Housebreaking and Larceny, Gets Two Years—Test Case of Volunteer Firemen Will Come Up Later.

The July term of New Hanover Superior Court adjourned yesterday about noon with the passage of sentence upon several defendants convicted earlier in the week and the clearing up of odds and ends on the docket. There will be no court this week and jurors summoned for appearance then need not attend by order of Judge Councill. The following sentences were passed yesterday:

Charlotte Hargett, assault with a deadly weapon; four months in jail with leave to hire out.

Dallas Wheeler and Mattie Wheeler, assault and battery with serious injury; six months in jail with leave to hire out as to Mattie Wheeler, and 12 months on the roads as to Dallas Wheeler.

Edward Perry, assault with a deadly weapon; fined $5 and costs.

George Roderick, assault with a deadly weapon; 60 days on the roads.

Julia Johnson, convicted in four cases, consolidated, of selling liquor without license and on Sunday, was given eight months in jail with leave to hire out to pay costs amounting to something over $90.

Willie Jones, the negro charged with burglary and housebreaking, was given two years on the county roads. Judge Councill had intimated his purpose to send Jones up for ten years but when he came out, upon the advice of his attorney, George L. Peschau, Esq., and made a clean breast of the whole affair, implicating all who had anything to do with the robbery or received any of the goods, he escaped with the lighter sentence.

The case of Wheeler and his wife was in the matter of brutally beating their adopted child, four years old, who had to be sent to the hospital by the police, who unearthed the horrible affair. The pity is that they were not more severely punished for their hideous crime.

George Roderick, who was given 60 days, is the white man upon whom "Country" John Williams so adroitly turned the tables in a trial in which Roderick was prosecuting "Country John" for an assault with a deadly weapon.

Joe Thomas, charged with carrying concealed weapon, having failed to appear, judgment absolute was given for forfeiture of $30 bond.

The test case of the volunteer firemen who are resisting the repeal of their exemption from jury duty by the last Legislature, has been continued until the September term, if not sooner passed upon by Judge Councill and a case made up for the Supreme Court. In the meantime Judge Councill has ruled that all must serve and during the past week a number of new faces were observable in the jury box. Messrs. Davis & Davis have been employed by the organization of firemen, effected a couple of weeks ago, and they have made a test case by the refusal of Capt. Jno. L. Boatwright to serve as a regular juror at this term of court.

Dr. W. B. Murphy Dead.

Friends in this city and throughout all this section will hear with sincere sorrow of the death of Dr. W. B. Murphy which occurred at his home at Tomahawk, N. C. yesterday. Dr. Murphy was about 60 years of age and had been in rather poor health for some time. He was held in the highest esteem and regard by every one in the circle of his acquaintance and the news of his death will come to many with painful sorrow. Dr. W. B. Murphy, Jr., of Tomahawk, a son of the deceased, came down last night to make the funeral arrangements. The services will be held at Tomahawk to-day. Hon. T. J. Murphy, the distinguished young mayor of Greensboro, is a son of Dr. Murphy.

Died While in Bathing.

Mr. Isaac James, a son of Mr. I. T. James, of Rocky Point, and a brother of Mrs. W. M. Collins, of this city, died while in bathing at Lane's Ferry, in Pender county, at 4 o'clock yesterday afternoon. The particulars were not learned beyond the fact that young James was in bathing with a number of companions in a stream near Rocky Point and that he suddenly threw up his hand with the exclamation "My God!" and sank down. It is supposed that he was seized with an acute attack of heart disease, superinduced by the cold water and died almost instantly. Mr. and Mrs. Collins will go up to Rocky Point to attend the funeral to-day.

The Steamer A. J. Johnson.

Mr. A. J. Johnson, of Clear Run, Sampson county, is in the city and has arranged for the complete overhauling of the steamer A. J. Johnson which sunk, near Beatty's Bridge, on Black River, last week. She will be temporarily repaired there and brought down to Wilmington for complete overhauling after which she will resume her runs between this city and Clear Run. A notice of importance to shippers by the steamer Johnson will be found in the Business Local column of the Star to-day.

Building Permits Granted.

The following building permits have been granted: Calvin D. Gore, three one-story frame buildings on Tenth, between Orange and Ann streets. A. C. Skipper, two-story, tin-roof residence for T. F. Floyd, on Sixth and Dawson streets. M. H. Hill, one four-room dwelling for Mrs. Eliza Reed, on Grace, between Anderson and Dickinson street, north side. D. Rountree, five-room cottage for Mrs. Ida E. Hankins on Campbell, between Fourth and Fifth streets.

RICHARD B. CLOWE DEAD

Former Chief-of-Police of Wilmington and a Citizen Highly Esteemed Passed Away This Morning.

The Star chronicles with sincere regret the death of Mr. Richard Burkart Clowe, formerly Chief-of-Police of Wilmington and a valued citizen. Mr. Clowe passed away at 1:50 o'clock this morning at his home on Princess street, after a lingering illness of six weeks or more. The news of his death will bring sincere sorrow to a host of friends for everybody who knew him was his friend, and his acquaintance was wide. Mr. Clowe had been in failing health for several months, but he was so buoyant in spirit, so cheerful and so hopeful that it will be hard for his friends to realize that he is gone.

Mr. Clowe was born May 4th, 1859, at Harper's Ferry, Va., and was, therefore, in the 47th year of his age. The family moved to Fayetteville, N. C., in 1861 and immediately after the Civil War, to Wilmington. Mr. Clowe received his education at the Jewett Academy, of Wilmington, and early in life entered the A. C. L. shops in this city, serving a number of years until his election as chief of police of this city. In that capacity he made a splendid officer and gave Wilmington an excellent police administration for two years. Upon his retirement from that office he travelled for a while for the Bigelow Varnish Co., of Newark, N. J., but gave up the road after a short while to re-enter the Coast Line shops, being a coach and decorative painter of fine talent. A few years ago he accepted a position as manager of the carpet department of the C. W. Polvogt Company, the large drygoods merchants, serving there with faithfulness and efficiency until forced to give up at last on account of his declining health. He bore his suffering with great fortitude and resignation until death came to relieve his suffering at the early hour this morning.

Mr. Clowe is survived by his wife, Mrs. Lillie Clowe, nee Miss Lillie Zimmermann; three sisters, Mrs. Geo. W. Gates, of Petersburg, Va.; Mrs. Geo. R. Dyer and Miss Julia Clowe, of Savannah, Ga.; one brother, Mr. W. H. Clowe, of Atlanta, and three sons, Messrs. Harry Z., Richard D., and Jno. F. Clowe, all of this city. Mr. Clowe was a consecrated member of Grace M. E. church, and for several years was in the choir of that congregation. He also belonged to Stonewall Lodge, Knights of Pythias, Cape Fear Lodge No. 2, Odd Fellows, and the Royal Arcanum. In the days of the old volunteer fire department he was an honorary member of the Little Giant Steam Fire Engine Co., and of the Second Regiment Band. His death is greatly deplored. The funeral arrangements will be made later.

MR. M. C. RAYNOR DEAD.

Expired Suddenly While About His Work Yesterday, Noon.

Mr. Marshall C. Raynor, a highly respected citizen, a carpenter employed in the Atlantic Coast Line shops and a prominent member of the Odd Fellow fraternity in this city, died suddenly yesterday about noon of an acute attack of heart disease. Mr. Raynor had been complaing several days, but went to his work yesterday morning as usual. He had started with some of his fellow workmen to give his time to the timkeeper at noon, but suddenly a pallor was seen to come over him and he started to fall. One of his fellow workmen caught him in his arms and shouted for assistance, but the sick man expired instantly.

Mr. Raynor was about 62 years of age. He leaves a wife and several children among them being Mrs. S. E. Sellers, of this city; Mrs. T. H. Nelson, of Bannermann's Bridge, and Mr. N. M. Raynor, of Fayetteville. The funeral will be conducted from the family residence No. 509 North Fifth street at 3 o'clock this afternoon and the interment will be in Oakdale cemetery. Hanover Lodge, I. O. O. F., and Campbell Encampment No. 1, I. O. O. F., of which deceased was a valued member and officer are called to assemble and to attend the services in a body.

GOVERNOR WAS PLEASED.

Delighted With Entertainment Upon Occasion of Recent Visit Here.

Governor R. B. Glenn was delighted with the entertainment he received upon the occasion of his recent visit to Wilmington and the seaside resorts. Mr. W. B. Cooper, president of the Merchants' Association, yesterday received the following letter from the distinguished chief executive:

State of North Carolina,
Executive Department,
Raleigh, N. C., July 28, 1905.

Mr. W. B. Cooper, Wilmington, N. C.

Dear Mr. Cooper—Allow me, through you, to thank the Merchants' Association of Wilmington, as well as the people of that city, for the courtesy shown me while I was at the Seashore Hotel. I received great kindness and consideration at the hands of your good people, and I want them to know how I value it.

Will you please let your papers state, locally, that I appreciate everything they have done for me, and will always remember it as a most enjoyable occasion.

Sincerely yours,
R. B. GLENN.

A Prodigy in Figures.

Mr. W. L. Burton, assistant superintendent of the Life Insurance Company of Virginia, in this city, has a little son, Mack Burton, eight years old, who is a progidy as an arithmetician. Since he was four years of age, a mere child in Danville, Va., he has displayed a wonderful knowledge of figures. Without putting a pencil to paper and without the least hesitation, he answers glibly any problems given him in multiplication, even to two or three decimal points. A number of friends of Mr. Burton have given him test propositions in multiplication and he has never failed with the correct answer. They declare his knowledge the most remarkable they have ever observed.

WON FROM THE FORT

Soldier Boys from Caswell Again Vanquished By Strong Wilmington Team

LOCAL DIAMOND YESTERDAY

Results in Junior City and Cape Fear Baseball Leagues—Games Well Patronized and Gave Great Satisfaction.

Wilmington, 9.
Fort Caswell, 8.

It was anybody's game until the last man was out in the ninth. The scene was Hilton Park. Both teams put forth every effort to win and three hundred spectators shouted themselves hoarse for the soldiers or the locals as their sympathies went out. It was a reminder of old league-ball days and the article of the sport compared very favorably with that of the olden times. The game was really exciting. From the time the first man toed the plate until the last one went out by the atmosphere route as prescribed by Prof. "Red" Wilson, the odds were even. The soldiers put both Grimes, an ex-St. Louis pitcher, and Overby, who pitched the game last Saturday, in the rifle pit, in an effort to win, but the fates had decreed otherwise and nine to eight tells the sad story for Uncle Sam's contingent. "Red" Wilson, although not in the best form, was at the firing end for the locals throughout the nine spasms and did excellent work. He struck out ten men, allowed but two passes and played otherwise an errorless game. Louis Moore did fine work behind the bat and hit well, sharing honors with Clem Wescott, who got four hits out of five times up—one of them a double, and Clarence Mills, who hit and fielded well.

Grimes and Oberly, on the slab for the visitors, the latter opening the seventh inning, struck out but four men but otherwise they did excellent work. Capt. A. A. Starbird, commanding one of the companies at the fort, played first base for the soldiers and held the position well. The team as a whole is a clever lot of ball players, in the game for the sport, well behaved and gentlemanly in their bearing both off and on the field. It will be a pleasure for Wilmington to have them here again and often. The line-up of the teams was as follows, with the exception of the change in position noted:

Caswell.		Wilmington.
Grimes	p	Wilson.
McCumber	c	Moore.
Starbird	1b	Gwaltney.
Werdon	2b	Green.
Daniels	3b	Calder.

Junior Baseball League.

In the Junior City League yesterday at Seventeenth and Market streets, the Y. M. C. A. won the first game from the Monarch champions by a score of 10 to 6 and the Monarchs won from the Y. M. C. A. in the second contest by the close score of 8 to 7. In the first game Duls and Houston composed the battery for the Y. M. C. A. and Poisson and Gore for the Monarchs. In the second game Schulken and Houston, for the Y. M. C. A., and Meyers and Gore, W., for the Monarchs, did the honors. The heavy-hitting of Duls is spoken of as the feature. The umpires were Messrs. Bowler and Miller.

In the games at Seaside Park, the S. S. R.'s took the first game from the Market Street Giants by a score of 7 to 6 while in the second game the Giants administered a whitewash to their opponents in the score of 3 to 0. In the first game Alderman and Moore were on the firing line for the S. S. R.'s and Gore, C., and Seifert for the Giants. In the second game Sallings and Bulluck were for the S. S. R.'s and Brittain and Seifert for the Giants. The pitching of Brittain was a feature in the last game.

The Cape Fear League.

In the Cape Fear League the Stars won both games from the C. S. S. nine by scores of 6 to 3 and 3 to 2, and the Tar Heels split even with the Hornets, winning the first game in a score of 10 to 3 and losing the second in a score of 6 to 1. Alston and Bell composed the batteries for the Stars and Barnes and West for C. S. S. In the other games Green and King and King and West, for the Tar Heels, and Bornemann and Guthrie and Banks and Tedder for the Hornets, were the batteries.

All the games in Wilmington yesterday were largely patronized, showing that the local fanatics still have "baseballitis" and will turn out to see the sport upon the least provocation.

Marriage in Pender.

Wednesday evening at 8 o'clock at Mount Williams' Presbyterian church, in the presence of a host of friends and relatives, Miss Bennie Williams, a charming young lady of that section, and Mr. W. H. Beatty of Kansas City, Missouri, formerly of Bladen county, were happily married, Rev. T. D. Johnson, of Burgaw, officiating. The floral decorations were very pretty indeed and the wedding marches were skillfully rendered by Mr. A. H. Yopp, of Wilmington. The attendants were Miss Robbie Williams, a sister of the bride, maid of honor; Mr. J. D. Beatty, a brother of the groom, best man; Messrs. Burr Croom, Charley Corbett, John Armstrong, J. Corbett, Samuel Hand, Jeff Corbett, Frank Pearsall, of Richmond; Misses Berta Williams and Eleanor Williams, sister of the bride. The bride wore a lovely costume of white silk while the bridesmaids wore white organdie. Mr. and Mrs. Beatty leave next Wednesday for their future home in Kansas City.

Reported Rupture Between Mayor Waddell and Alderman W. H. Yopp—Gist of the Affair.

Municipal circles were agog yesterday over a reported serious rupture between Alderman W. H. Yopp, recognized as leader of what was formerly known as the minority faction on the Board, and Mayor Waddell, in the latter's law office, in the Odd Fellows' building. An investigation of all sorts of rumors regarding the affair, disclosed that the rupture, if such it may be called, was little more than a lively interchange of words concerning the condition of the street in front of Alderman Yopp's house, about which Mr. Yopp charged he had made repeated complaint to no avail. Col. Waddell is quoted as having asked Mr. Yopp why he had not fixed the street when he was chairman of the Streets and Wharves Committee under the former administration. Mr. Yopp rather hotly intimated the falsity of the statement that he was chairman of the streets committee of the former administration, and Colonel Waddell divested himself of his coat to resent the imputation of Mr. Yopp. Meantime explanataions were in progress with the result that there seemed to have been a misunderstanding by both and the conversation calmed down. It was one of those affairs of which much was made but, in fact, which really amounted to little.

PERSONAL PARAGRAPHS.

—Mr. W. M. Corbett, Jr., of Sampson county, was here yesterday.

—Mr. W. L. Coney, of this city, left last night for Williamsport, Pa., where he will spend two weeks.

—Miss Annie Kenan, who has been with the family of Mrs. W. R. Kenan since she was so severely hurt in a runaway accident here a few months ago, was brought up from the beach yesterday afternoon and taken in Mr. T. M. Emerson's private car to Magnolia, whence she will go over to Kenansville to-day. She was accompanied on the trip by Dr. Thomas.

—Rev. Milton A. Barber, formerly rector of Saint Paul's P. E. parish, this city, but now of San Marcos, Tex., is here on a visit with Mrs. Barber and three children. They are guests at the home of Miss Julia James, on Third street. Rev. Mr. Barber will preach at St. James' church this morning at 11 o'clock, and at St. Paul's church in the afternoon at 6 o'clock.

Subdued Obstreperous Negro.

As Justice Bornemann was about to betake himself to his virtuous couch last night about 10.30 o'clock, a voice of profanity rent the air and there was a noise of much disorder in the community. The "judge" was not long locating the trouble. Sam Hall, an obstreperous negro, was after another negro named Graham and was making life miserable for him. It took the combined effort of the "judge," Messrs. D. E. Costin, H. C. Knowles and M. Huggins to subdue Hall, who fought viciously. At length he was put under control and a 'phone message brought the police patrol. The negro was locked in jail for trial to-morrow before Justice Bornemann on the dual charge of an assault and battery and disorderly conduct.

RESOLUTIONS OF RESPECT.

Wilmington, N. C., July 25, 1905.

At a special meeting of the **Ladies' Concordia Society,** held to-day the following was unanimously adopted:

It has pleased our Heavenly Father, to call to her eternal home our dear and most revered sister

ANNA NATHAN

at the rare old age of ninety-tyo years, and we desire hereby to express our sincere sorrow at the departure of one, who, for many years had been a useful and earnest member of our Society, whom we ever honored and looked upon with veneration, and whose genial disposition and many traits of womanly virtue will keep alive her memory among us. Our sincerest sympathy goes out to the members of her family, who were so tenderly devoted to her, and we hope and pray that an all-kind Providence may help them to bear their inevitable loss in submission to God's will and in the comforting consciousness, that their loving care and solicitude has brightened every hour of her extended old age. Be it

Resolved, that a copy of the foregoing be sent to the family of our departed sister, that the same be published in the local daily papers, and that a page in our minute book be inscribed to the memory of the departed one.

Mrs. S. A. SCHLOSS,
Mrs. M. W. JACOBI,
Mrs. A. SHRIER,
Committee.

Attest:
Mrs. A. LIEBMAN, President.
Mrs. S. MENDELSOHN, Sec'y.

NATIONAL DIVORCE LAW.

Within the past few days Governor Glenn received from Governor Pennypacker, of Pennsylvania, a letter urging him to appoint delegates to attend a convention to be held in Washington at an early date for the purpose of agreeing upon some plan of memorializing Congress to pass a uniform divorce law for all the States of the Republic.

While Governor Glenn was reading the letter to some of his friends, J. Crawford Biggs, Esq., of Durham, was present in the executive office, and remarked that this movement for a national divorce law should be taken up in connection with a similar movement to bet set on foot at the convention of the American Bar Association soon to be held at Asbury Park, N. J. Messrs. Biggs, F. H. Busbee, Clement Manly and A. B. Andrews, Jr., of the North Carolina Bar Association, are to be delegates to the Asbury Park convention, and when Governor Glenn was apprised of that fact, he immediately appointed those gentlemen as delegates to the Washington divorce convention. Governor Pennypacker was so notified.

It is to be presumed that a national divorce law means a national marriage law. A national marriage law will mean no discrimination as to color in matrimonial unions, and as the Southern States prohibit intermarriage of the races the principal part which Southern delegates to the Washington divorce convention will take will be to find out whether the divorce convention expects Congress to pass a general act about divorce without saying what shall be the form and manner of marriage for the people the act proposes to divorce. If the Southern laws prohibiting intermarriage are to be endangered, the South will be pretty apt to fight shy of a national divorce law, yet that is the logical solution of the divorce evil.

PROGRESSIVE NORTH CAROLINA COUNTY.

Gaston is one of the most progressive and prosperous counties in North Carolina. It is refreshing as well as instructive for us to see what progress the counties of our State are making and we are sure the readers of The Star will be both gratified and surprised at the achievements of Gaston, one of the counties on the Catawba river. We get an insight into what is being accomplished there from a booklet entitled "Some Facts About Gaston County, North Carolina," tastefully bound in red and beautiful as to typography. Of course, it contains data about Gaston, compiled in a most interesting and entertaining manner, and it is gotten out to advertise that prosperous county.

Gaston contains 340 square miles of territory, and 34,000 population. The assessed valuation is $7,953,303, while the realty valuation is about $16,000,000. Within the county there are 36 cotton miles, operating 226,117 spindles and 4,223 looms, and during the past year there has been a considerable increase in this particular industry. In the size and number of its cotton factories Gaston claims to surpass any other county in the South and we must agre that the county is certainly a hive of industry and logically the theatre of great prosperity. The county has many fine waterpowers, is a splendid agricultural region and one of the most healthful counties in North Carolina. Recently the county issued $300,000 in bonds for good roads and work is now in progress on an unrivalled road system covering the entire county.

This much we mention to show what some of the communities of our great State are doing in these times of wonderful industrial development. It ought to be a lesson to other counties.

SOUTH ATLANTIC QUARTERLY.

Number three of the South Atlantic Quarterly, published at Trinity College, Durham, N. C., is a most superior and valuable publication. It presents an intellectual feast, which can be judged from the following captions of the articles: "Washington Duke," by Wm. P. Tew; "The 14th Amendment and Southern Representation," by James Wilford Garner, Ph. D.; "Italian Immigration into the South," by Mrs. Emily Fogg Meade; "War Time in Alexandria," by Miss S. L. Lee," "Blockade Running and Trade Through the Lines Into Alabama, 1861-1865," by Walter L. Flemming, Ph. D.; "The Executive Prerogative in the United States," by David Y. Thomas; "Two Books on the Negro," by Clarence H. Poe, of Raleigh, N. C.; "An Impartial History of a Critical Period," by E. Walter Sikes, Ph. D., etc. There are other features that make the South Atlantic Quarterly a composium of instruction and entertainment. The subscription price is $2 a year or 50 cents a copy. Address, Durham, N. C.

GREAT MAGAZINE.

That favorite among readers, The Atlantic Monthly, is out for August. As usual it appeals to the literary mind, its pages being replete with stories, articles and writngs from many strong writers. No conception of the value of the magazine can be had from a cursory notice, so we will not attempt to convey an iden of the splendid table of contents by merely referring to the subjects. The subscription price is $4 per annum; 35 per copy. Address Houghton, Mifflin & Co., 4 Park Row, Boston, Mass.

CURRENT COMMENT.

—Both Russia and Japan admit the possibility of peace, but neither is willing to exhibit such anxiety as might spoil a bargain.—Washington tSar.

—If scandals continue to materialize the grand juror will claim consideration as one of the people who have to neglect private business in order to perform public duties for a wholly inadequate compensation.—Washington Star.

—Col. Mann, the proprietor of Town Topics, tells interviewers that he has nothing more to say about "Fads and Fancies," and that "the incident is closed." It takes more than one to close an incident.—Norfolk Virginian-Pilot.

—When the man who assaulted and robbed two women and Grennell Island was caught with the goods on "he became sullen," the newspaper account said, "and asked for a cigarette." Nobody misses a chance to give the cigarette a knock.—Syracuse Herald.

—Secretary Bonaparte declares there will be no whitewashing in connection with the Bennington investigation. People are confident that if he is to have his way there will be nothing of the kind. It will be really refreshing to see the whitewash bucket kicked over for once in Washington.—Columbia Record.

—"A leaking boiler," that had been officially reported, was the cause of the Bennington horror. Mr. Roosevelt's administration appears to be "long" on leaks. Incidentally it might be interesting to know whether Mr. Paul Morton while acting as secretary of the navy, knew of the report that the Bennington's boilers were unsafe? —Chattanooga Times.

—Everyone would be glad to see the death penalty abolished, but murder must be abolished first. We have arrived at our present stage of civilization by a long and bloody battle with the savage instincts and passions of the brute man. Let us not spike our guns and break our swords before the ape and tiger die, or the battle may have to be all fought over again.—Pittsburg Gazette.

—It is gratifying to see the commendation from several sources of the Second and Third Regiments of the North Carolina National Guard, which have just broken camp at Wrightsville, upon their behavior there and on their return. It has not always been true that the conduct of our State troops upon their return from encampment was beyond criticism and it is hightly pleasing to see this new record established.—Charlotte Observer.

—Mr. Theodore P. Shonts, of the Panama canal commission, is one of the distinguished citizens who thought "Fads and Fancies" worth $500 to him. It has not been brought out in evidence yet but it is understood that no gentleman who " poined up" as much as 500 got any unfavorable mention in the scandalous publication. In all charitableness let it be said that the $500 was forthcoming because no unfavorable notice was given and not to procure its non-appearance. People who allow themselves to be black-mailed are generally objects of suspicion.—Chattanooga Times.

—Under all the circumstances must we not acknowledge that, since the temporary effacement of Russia from the list, there are left only four great powers on earth—to wit, Japan in the Orient, Germang on the European continent, England by virtue of her insular inviolability and her globe-encircling possessions, and the United States in the new world? And if there be left also anywhere a moral influence that can stay the arm of the strong and say to the seemingly omnipotent, thus far shalt thou go and no farther, must we not look for it on this side of the Atlantic and recognize its source in Washington? —Harper's Weekly.

—Gen. Oyama is reported to have been the recipient of a unique gift form a European admirer, whose name and nationality do, however, not transpire. It is an old gun, which the donor avers belonged to and was used by Napoleon I., and has since been treasured as an heirloom in this gentleman's family. "Napoleon," says the letter accompanying the gift. "set all upon the destruction of Russia, yet got no further than Moscow; you and your forces, however, have 'done the trick' and know how to cut the Bear's claws once and for all. To you, therefore, by right belongs the weapon, whose erstwhile possessor would indeed have rejoiced had he been able to witness the victories you have gained in the present day."—Pall Mall Gazette.

Bent Her Double.

"I knew no one, for four weeks, when I was sick with typhoid and kidney trouble," writes Mrs. Annie Hunter, of Pittsburg, Pa., "and when I got better, although I had one of the best doctors I could get, I was bent double, and had to rest on my hands on my knees when I walked. From this terrible affliction I was rescued by Electric Bitters, which restored my health and strength, and now I can walk straight as ever. They are simply wonderful." Guaranteed to cure stomach, liver and kidney disorders; at R. R. Bellamy's drug store; price, 50c. **

TWINKLINGS.

—Daisy Gushly—"Oh, you darling! I just heard of your engagement today!" Cissy Summergirl — "Which one?"—Town and Country.

—Mrs. Wise—I want to sue my husband for a divorce. Lawyer—What are your charges? Mrs. Wise—What are yours?—Pittsburg Dispatch.

—Katie—"Tell me, Edith, what did you say when Charley proposed?" Edith—"Me? Oh, there was no occasion for me to say anything. Charley had said all that was necessary."—Detroit Free Press.

—Cholly—Of course, I had not five minutes to catch the train, but quick as thought I started and— Miss Peprey—Missed it! You might have known you'd have to start quicker than your thoughts. — Philadelphia Press.

—"We'd be glad to have you among us," said Mrs. Starven; "all our boarders are quite refined." "Yes," replied the inquirer, "the few I've seen look positively spirituelle, almost diaphanous. It scares me."—Philadelphia Press.

—"This paper says," remarked the callow youth, "that the bride was supported at the altar by her father." "Yes," growled the savage bachelor, "and I'm offering odds of 50 to 1 that he'll have to keep on supporting her." —Atlanta Constitution.

—"You know Borem, don't you?" "O! just well enough to say 'how are you?" "Well, don't do it." "What do you mean?" "Don't you 'how are you?' to him. If you do he'll hold you up for ten or fifteen minutes and tell you."—Philadelphia Press.

—"I challenge you," said the young poet, "to find a single line that I have borrowed or stolen from anyone." "There's no doubt," replied the critic, "that it's all yours. But if I were you I wouldn't let it happen in my next book."—Chicago Record-Herald.

—Young Man—I've called, sir, to request the hand of your daughter in marriage. Old Grumleigh—Has she accepted you? Young Man—Yes, sir. Old Grumleigh—Then what do you want to come around and bother me with your troubles for?—Chicago News.

"Don't you think that government ownership is a thoroughly practical proposition?" "Certainly," answered Mr. Dustin Stax, "I haven't the slightest objection to the government's owning my property, provided it is willing to buy it at my price."—Washington Star.

—"All the room in a sleeping car appears to be used for the passengers," said the inquisitive old gentleman to the Pullman porter. "Where are your quarters?" "Well, suh," was the answer, "Ah totes' em in a suit case till we comes to de end ob de trip, an' den I invests 'em in real estate."—Cleveland Plain Dealer.

HAPPY RESULTS.

Have Made Many Wilmington Residents Enthusiastic.

No wonder scores of Wilmington citizens grow enthusiastic. It is enough to make anyone happy to find relief after years of suffering. Public statements like the following are but truthful representations of the daily work done in Wilmington by Doan's Kidney Pills.

J. E. Bloodworth, residing at 30 South Front street and employed at 123 Princess street, says: "I used Doan's Kidney Pills and they have proven to be a very valuable remedy, and I believe I am safe in recommending them. My back and kidneys have given me great trouble. I thought I had rheumatism. I had shooting pains through my back and sides which often made me yell right out. If I stood, sat or lay dawn or kept in any one position for any length of time, it was almost impossible for me to move on account of the great pain. I heard some one speak of Doan's Kidney Pills, and I sent down to Bellamy's drug store and got a box. They completely removed the pains. They are without doubt, a valuable remedy for backache."

Forced to Starve.

B. F. Leek, of Concord, Ky., says: "For 20 years I suffered agonies, with a sore on my upper lip, so painful sometimes, that I could not eat. After vainly trying everything else I cured it, with Bucklen's Arnica Salve." It's great for burns, cuts and wounds. At R. R. Bellamy's drug store; Only 25c. **

The above will cheerfully be paid in lawful money of the United States, by the undersigned, proprietors of Dr. Pierce's Golden Medical Discovery, if they cannot show the original signature of the individual volunteering the testimonial below, and also of every testimonial among the thousands which they are constantly publishing attesting the superior curative properties of their several medicines, and thus proving the genuineness and reliability of all the multitude of testimonials volunteered by grateful people, in their behalf.

WORLD'S DISPENSARY MEDICAL ASSOCIATION, Proprietors, Buffalo, N. Y.

THE REASON.—There is no medicine equal to Dr. Pierce's Golden Medical Discovery, for purifying the blood. It carries off the poisons which contaminate the life fluid. It increases the activity of the blood-making glands and gives the body an increased supply of pure, body-building blood. It builds up the body with sound, healthy flesh instead of flabby fat, promotes the appetite, feeds the nerves, and so gives to weak, nervous people vitality and vigor.

"About a year ago I had a very bad cough and feared it would run into consumption," writes Hon. Ross W. Lynch, of 27 Mason Street, Worcester, Mass. "When a severe attack of coughing would come on vomiting would set in. Matter accumulated in nose and my tonsils were irritated. After reading of the wonderful cures resulting from Dr. Pierce's Golden Medical Discovery began to use it, with some doubts as to the good it would do me, I am frank to say. But, after I had used one bottle I noticed quite a change for the better. Ordered five more bottles and before I had used them all the cure was complete. There is not now a trace of cough or cold in my system and my health is perfect."

To gain knowledge of your own body—in sickness and health—send for the People's Common Sense Medical Adviser: A book of 1008 pages. Send 21 cents in stamps for paper-covered, or, 31 stamps for cloth-bound copy. Address Dr. R. V. Pierce, 663 Main Street, Buffalo, N. Y.

SPIRITS TURPENTINE.

—Capt. A. M. Clark and others contemplate the erection of an ice factory at Southern Pines, making use of the canning factory building.

—Messrs. J. C. Clifford and R. L. Godwin have been appointed receivers of the Oregon Chair Company, of Dunn, capitalized at $20,000.

—At Elizabeth City, the veterans of the Civil War have organized the William F. Martin Camp. The camp has a membership of thirty, and D. B. Bradford is its commander.

—The State has chartered the Bank of Ahoskie, commercial and savings, capital $12,500 and authorizes the Cherryville Bank, Gaston county, to increase its capital to $10,000 and gives it leave to further increase it to $20,000.

—It is an announced from Raleigh that the new code of North Carolina laws goes into effect August 1st, but Chairman Womack, of The Code Commission, says it will not be printed before October 1st. All the amendments are in type, but this will have to be re-arranged, a work of much labor.

—Spurious coin has been in circulation in Newbern for several weeks. Federal authorities arrested two boys named Manning, who have been suspected of having a large quantity of bogus money in their possession, but no satisfactory evidence of their guilt could be obtained and they were released. The conterfeit coins are dollars, half dollars and five-cent pieces, all being good imitations.

—A Statesville correspondent on Friday, says: Mr. L. R. Vickery arrived here last week. He has instituted proceedings for $1,000 against the Roanoke Va., hotel man who assaulted him by mistake, taking him for the man who objected to ham. Mr. Vickery says that the reason he did not do some kicking himself was "they wouldn't let me get at him." He says, too, that the man who did the kicking was a mighty big man.

—Raleigh correspondence, Charlotte Observer: The best friend of Claud Bernard said last week that the latter would, be understood, return to Raleigh early in August from Old Point, Va., where he has been for some time and where his family joined him last week. The officials here evidently do not believe he will return. The papers are ready to be served on him here in the suit of Mr. Howell, of Raleigh, against him for not less than $20,000 damages.

—Governor Glenn is preparing a circular letter to all the judges of the Superior Court, requesting them to see, through the county commissioners and grand juries, that all the jails are made safe so that prisoners can be kept in their respective counties when under conviction of capital offences and not have to be taken to other jails for safe-keeping, so as to avoid in the future a repetition of such a spectacle as was presented in the case of Dan Teachey, who, on account of the absolutely unsafe condition of the jail at Kenansville, had to be kept at Goldsboro, from which place he was taken to the place of execution a day before the time, a spectacle for gaping crowds on the streets and trains.

—A telegram from Spartanburg, S. C., on Friday says: The Collowhee Mining and Reduction Company, in which a number of Spartanburg business men are interested, has been organized in Jackson county, North Carolina, with a capital stock of $1,500,000 for the mining of copper. Mr. S. B. Ezell, of this city, is president of the concern and several other Spartanburg men are interested, being members of the board of directors and stockholders. The principal offices of the company will be in this city and its funds will be deposited in local banks. The property is located on the Ducktown Railway and is rich in copper ore and the prospects for extensive operations are encouraging. The mine has been in operation for several years and the results were so satisfactory that the owners decided to enlarge the facilities and a larger output is confidently expected.

—Charlotte Observer: Mr. Steven W. Wall, of Rockingham, father and administrator of the estate of Mr. Steven D. Wall, the young man who was killed in an accident in the shops of the Westinghouse Company, at Pittsburg, Pa., a few weeks ago, has instituted proceeding in the Rochmond county Superior Court looking to the recovery of damages for the death of the young man. The complaint has not been filed, but the summons has been served upon Mr. Stuart W. Cramer, Southern manager for the Westinghouse Company. The exact amount of damages to be asked for cannot be ascertained until the complaint is filed, but it is understood that it will be about $50,000. It will be remembered that Mr. Wall was killed by being crushed to death under a falling steam chest and the complaint will allege as grounds for the recovery of damages, that the accident was due to defective machinery, and negligence on the part of the company, Mr. Cameron Morrison, of the Charlotte bar, formerly of Rockingham, has been retained as counsel for the plaintiff.

—The wrestling match between Tom Frisbee, of Madison county, and Prof. A. Ono, of Japan, at the Asheville auditorium next Friday evening, August 4th, is now an assured fact, after several days of negotiations. Money—cold cash—to assure the match was placed in the hands of J. E. Rankin, cashier of the Battery Park Bank, Friday morning, and all conferences are at an end. Mr. Rankin has $400. Prof. Ono deposited $100 as a forfeit payable to Sheriff Reed, Ben Barnes and D. G. Noland, under whose management the bout will be pulled off, if he fails to appear in the ring on the night of August 4th, while the managers have deposited $300 with Mr. Rankin to secure Prof Ono. Mr. Frisbee gave his check for $100 to the managers as a forfeit for failure to appear in the ring, and the managers have given Mr. Frisbee a $300 guarantee for the fulfillment of their contract. The wrestle will be best two out of three and interest in the approaching contest is manifest on all sides. It is probable that a special train will be operated from Marshall on August 4th to accommodate the large number of Badison county men, who will be hand to witness the bout.

—A dispatch from Tarboro on Friday says: —Excitement was wrought up to a high pitch this afternoon when a rumor became current that Robert Wingate, representing the Rocky Mount Supply Company, had attempted a criminal assault upon Mrs. Joseph Knight, an estimable lady of unquestionable character, in her home in the heart of town about 6 o'clock. Wingate is said to have been at Mrs. Knight's for the third time in an effort to sell her a sewing machine. Mrs. Knight avers he had been guilty of improper conduct upon previous visits and had been ordered to leave the house. Her statement at the preliminary hearing to-night was to the effect that Wingate put an arm around her waist and a hand over her mouth. Her screams frightened him away. A warrant was immediately issued and served on Wingate. He was given a hearing before Justice Pender and bound over to court under $1,000 bond, which he failed to give and was committed to jail. Citizens gathered on the streets and at the preliminary hearing in large numbers but there was no anticipation of violence. Wingate is a nice looking fellow of genteel appearance and has been in Tarboro only a few days. He made no statement of defense in the hearing to-night, probably because he had not consulted counsel and knew he would not be released after Mrs. Knight's testimony.

In Richmond, Va., Charles J. Ahearn, a painter, aged 48, was shot and instantly killed on a street-car Thursday afternoon by J. Hunter Herring, a street railway lineman, aged 39, whether by accident or design has not yet been determined.

BRADSTREETS TRADE REVIEW.

Special Activity In Cotton Goods—Outlook Bright.

By Wire to the Morning Star.

New York, July 28.—Bradstreets tomorrow will say:

Crop reports and fall trade advices are more unanimously favorable than at any preceding time this season. Confidence in the crop situation is reflected by good fall orders and a volume of wholesale and retail trade certainly in excess of a year ago and fully equal to the average at this season. Special activity is noted in cotton goods, which are in eager demand at high prices, with scarcity of desirable makes widely reported.

Reports from the clothing lines and from lumber, hardware and other building material lines are generally satisfactory. A heavy movement of winter wheat has helped collections and developed a little more activity in flour milling in the southwest. The iron trade shows some quietness after the exceptional activity in pig iron noted last week.

Big Excursion to Columbia.

Thomas H. Knight's excursion to Columbia on Monday, July 31st, promises to be the biggest and best event of the Excursion Season. The population of Columbia has increased nearly nine thousand in one year, while its increase in property valuation has been nearly one half million dollars in the same time. Three hundred new buildings being erected in 1902 valued at $1,536,225.00 Electric Lights decorate the intersection of very street in the city, providing throughout the city a most thorough illumination. Go to Columbia, see the twelve story skyscraper, the largest cotton mill in the World, and the most beautiful capitol building in the South. There is something to interest you on every block. Train leaves Atlantic Coast Line depot at 7:00 A. M., and will leave Columbia on the return the next night, Tuesday, August 1st at 9:00 o'clock. The round trip from this point will be only $2.00. There will be separate cars for white and colored people.

THE POWER OF STEAM.

Many May See But It Takes Genius to Realize.

When James Watt saw the steam causing the kettle lid to jump up and down he said "There must be power in that steam that it can lift such a weight."

There was.

Millions prior to him had seen the same phenomenon and regarded it as an unexplained mystery.

Recent scientific research has put its finger on the "cause" of Dandruff, Falling Hair, and consequent Baldness, and has unearthed a tiny germ which eats the life from the roots of human hair.

Newbro's Herpicido destroys this germ and consequently restores the hair to its natural state.

EMPEROR WILLIAM STIRS UP EUROPE

His Recent Manoeuvres Have Caused Great Britain to Counteract His Plans on Continent.

By Cable to The Morning Star.

London, July 29.—The British government is still in complete inogrance as to the motives for Emperor William's recent manoeuvres but is assured that his efforts ultimately will be directed toward a re-adjustment of the equilibrium of Europe which was disturbed by the removal of Russia from the scale as a sea power. A high official said to the Associated Press today:

"The alarm created by the press of Europe during the past week was undue. The situation is not warlike, though it naturally requires that Great Britain shall make a move to prevent its becoming dangerous. The British government is convinced that any alignment of the powers arranged by Emperor William would be on the opposite of the scale from Great Britain and makes no secret of her desires to effect an agreement with France, considering that such an agreement would preclude the menace of any alliance Emperor William could then bring about."

Whether or not this project has been formally broached to France the Associated Press was unable to ascertain, but indications are that the French government is awaiting divulgence of the German Emperor's programme.

"France," said an official to the Associated Press today, "should naturally be alligned with liberal governments rather than with autocracies, with the character of which her people are not sympathetic."

WARM WIRELETS.

An American pilgrimage of about one hundred persons arrived in Rome yesterday. Bishop Kielly, of Savannah, Ga., is the spiritual director. Bishop Northrop, of Charleston, S. C., also is in the party.

Hundreds of racing men and society people arrived in Saratoga, N. Y. yespreparatory for the four weeks racing which will begin Monday. Special trains and automobiles supplemented the regular train service and the hotels are crowded with men and women who will make Saratoga gay for the next month. The Saratoga handicap will be the feature of the event Monday.

A letter received at Asheville from President Harvie Jordan, announces that the date of the Southern Cotton Growers' Association convention to be held in Asheville, has been changed from August 16th to September 6th. The reason assigned for the change is the fact that most of the growers would be busy with their crops about the time originally set.

At Tallahassee, Fla., yesterday the Supreme Court handed down a decision affirming the decision of the Circuit Court in the Patterson case. This decision held the recent act requiring separation of the races in street cars unconstitutional because it permitted negro nurses in charge of white children or invalids to ride with the whites, thus, in the opinion of the court discriminating between persons.

Fast train No. 5, southbound on the St. Louis, Iron Mountain and Southern railroad, was wrecked at Diaz, Ark., yesterday running into misplaced switch. Two employes were killed and thirteen persons sustained injuries. The train is known as the "Cannonball" and left St. Louis last night for Texas points. The engine upon striking the misplaced switch rolled over. The cars crashed upon the engine. The wrecked cars caught fire and were burned.

BIG TOBACCO SEIZURE.

Revenue Officers Take Charge of Factory for Great Swindle.

By Wire to The Morning Star.

New York, July 29.—One of the biggest seizures of tobacco by Federal revenue authorities in this city in several years, together with the arrest of the two members of the firm, both long in the business here, was made today. The seizure was made at the cigar factory of Carlos Garcia & Co., in Warren street and the two men arrested were Carlos Garcia and Gulian Llera, the members of the firm. Both the men were arraigned before U. S. Commissioner Shields and held in $2,500 bail each for examination next Wednesday. The seizure at the factory included according to the Federal agents 1,000 counterfeit tobacco stamps, 25,000 high grade cigars and 2,000 pounds of tobacco.

ENFORCING LIFE PROTECTION.

Norfolk Steamer Condemned for Lack of Preservers.

By Wire to The Morning Star.

Norfolk, Va., July 29.—On the ground that the large ferry steamer "City of Portsmouth" which runs between this city and Portsmouth, has not complied with the new regulations, governing the life-saving equipment on steam vessels, local steamboat inspectors Bray and Tapley to-day ordered the steamer out of commission. The inspectors say the City of Portsmouth is in first-class condition in all respects except the life-saving equipment. Ferry Superintendent Davis to-night stated that all of the new equipment has been purchased, but had not been installed, pending the report of the inspectors, who went over the vessel a few days ago. He will ask that the boat be allowed to go back on its run.

NEGRO LYNCHED IN TEXAS.

Attemped to Assault Two White Women Thursday.

By Wire to the Morning Star.

Dallas, Texas, July 29.—An unknown negro who attempted to assault two white women was lynched to-day near the town of Avery, by a mob of several hundred men. The negro attacked the two women last Thursday. He was frightened away in his first attempt and later waylaid a Mrs. Aydelotte. Her screams attracted her husband who was near by. When the latter arrived on the scene he was knocked down by the negro. Mrs. Aydelotte was also struck over the head. The negro then fled, but was captured to-day on Sulphur river by a posse. After being positively identified by the women, he was taken into the woods and hanged to a tree.

YELLOW SCOURGE IN NEW ORLEANS

Pestilence Increases in Spite of Scientific Methods and Heroic Efforts.

NUMBER OF CASES NOW 260

Impossible to Get Out of New Orleans —Governor and Family Flee From Belize—Twenty-five Cases in New York.

By Wire to The Morning Star.

New Orleans, July 29.—The following is the fever report up to 6 P. M. today: New cases, 29; cases to date, 256. Deaths today, 7; deaths to date, 54. New foci, 2.

Deducting the number of deaths and the number of recoveries, it is believed that there are not more than 75 cases under treatment, if that many.

Considerable encouragement is drawn from the fact that only two new foci have developed. One of these is a nurse who attended a patient at a hospital and the other is in the vicinity of Milnburg, where there has been a suspicious case recently but which had been spirited away before the authorities got hold of it.

Mosquito Theory on Trial.

New Orleans, July 29.—Although there was a considerable increase in the number of deaths in the twenty-four hours ending at 6 o'clock this evening the fever situation tonight is not regarded as unusually alarming. Tonight closed the first week of the campaign since autopsical investigation disclosed the prevailing sickness to be yellow fever and it was the belief of those engaged in the work of trying to save New Orleans from an actual epidemic, and of demonstrating by the slow eradication of the disease, the correctness of the mosquito theory that progress had been made.

There is a large addition to the number of cases prevailing below Canal street with a considerable distribution of new centers and there have appeared during the week a dozen cases above Canal street but no reports are at hand of a spread of the disease from the outlying infection and the new cases can still be traced to the original source.

The success of physicians in preventing serious outbreaks in new neighborhoods in which the disease has appeared, is of course taken to mean that practical results are obtained from the thorough system of screening which is now in vogue. So thoroughlyy has the work been systmatized, that as soon as a case is reported, representatives of the board, armed with screens and disinfectants, are hurried to the house of the sufferer and every precaution is thereafter taken to make him or her immune to the attacks of the stegomyia.

Meantime good results are showing from the establishment of the emergency hospital which is serving to relieve certain quarters of serious cases and thereby enables expeditious disinfection of infected premises.

The Scourge of 1878.

Much hope is drawn from comparison of conditions now and those of 1878, when a serious epidemic occurred. The first case to appear then was brought by a snip landed near St. Mary's market. From that center the fever rapidly spread into every part of the city and to the States of Louisiana and Mississippi, besides reaching Memphis and even Cairo, Ills. Memphis was then almost depopulated and 4,000 lives were swept away.

The present fever has now admittedly been in New Orleans for three weeks in a severe form, but the spread outside of the Italian quarter has been so slight that there are not seventy-five cases of the 230 or more reported, outside of the original zone of infection.

Dr. White announced today that three detention camps, organized to give persons who want to leave New Orleans an opportunity to meet the quarantine requirements of other States, were in full operation. The third to be opened is at Harahan, where accommodations are provided for 10 persons daily.

The conference of the representatives of the health boards of the various Southern States which Dr. Souchon has called to meet here tomorrow, is not likely to materialize. Dr. Souchon has received no acceptance of his invitation. Reports which have been sent out that there is any conflict between the scientific forces which are directing the fight against the fever, are entirely misleading. It is announced that thorough harmony prevails between the State and the city boards of health, and between them and the marine hospital service physicians.

Dr. Beverly Warner today sent a message to many clergymen appealing to them for assistance in the present emergency by speaking to congregations on Sunday in favor of the work now being carried on by the health authorities. He asks that preachers and priests urge church attendants, whether they believe in the mosquito theory or not, to give hearty assistance to the authorities in stamping out the mosquito as at least one of the sources of infection. Dr. Warner asserts that some householders refuse permission to the oilers and scientists to oil and screen cisterns and pools. In connection with street cleaning, the mayor has under consideration a proposal to set aside two special days next week to be called street cleaning days when all the forces now engaged in sanitating the city will be supplemented by additional helpers in an effort to complete the work.

Business Paralyzed.

Business at the French market and the business houses in the quarter infected has suffered seriously in the past few day, but with the gradual centralization of cases in the emergency hospital and the sanitation of business quarters, business is expected to resume its normal proportions. Railroads continue to be seriously hampered by quarantines which are constantly becoming more onerous as the disquietude increases in the South. A panicky feeling exists in many places outside of New Orleans and promises still further to burden the railroads.

Every day a half dozen villages are scratched off the list of open towns and very often the embargo is clapped on so suddenly that passengers are caught with tickets already purchased to leave.

The Southern Pacific and the Texas Pacific railroads on the west bank of the river, are heavy sufferers. It was said at the marine hospital offices that passengers from New Orleans were no longer permitted to travel in Texas and only the most insignificant stations are open to Louisiana. Quarantines have been established so thoroughly along some railroads that large cards bearing bold, black letters have been posted in the stations announcing that all tickets bought for any point outside of New Orleans are purchased at the purchasers' risk and subject to the restrictions of quarantine.

Local representatives of railroad lines which run through Mississippi were advised in telegrams today that no person from New Orleans would be permitted to travel in a train in that State, without a health certificate. This affects through passengers, bound for the North, East and West. Before they had received these orders ticket agents had sold large numbers of tickets to people intending to leave tomorrow and Monday.

Twenty-Five Cases in New York.

New York, July 29.—With no less than twenty-five cases of possible yellow fever detained under observation on the quarantine island, Dr. A. H. Doty, health officer of the port, said to-night that twenty-four hours must elapse before it could be absolutely determined, by bacteriological tests, whether any of the suspects were infected with the dread plague.

Two sailors, both apparently seriously ill, were taken to-day from the steamer Seguranca, which arrived from Colon and isolated in the pesthouse on Swinburne Island. Eight more of the crew who had been ill during the voyage, but were convalescent, and seven passengers, two from the first cabin, all of whom showed increased temperatures, were taken to Hoffman Island for detention until the results of blood examinations are known. In addition to these, two suspects were taken to Hoffman Island to-day from the steamer El Dorado, from New Orleans, and there remain on the island, six cases from the steamer Avona, which recently arrived from Colon.

All the suspects held yesterday from the steamer Alamo, from Galveston, Texas, were released to-day. None of the patients now under detention is regarded as being dangerously ill, but there is apprehension that there may exist among them cases of an insidiously dangerous form of yellow fever, the ambulance-stage in which the sufferer walks abroad, feeling only slightly ill, but imperiling all with whom he comes in contact.

The health officials to-night are making the most thorough tests for this type of yellow fever among the ten members of the Seguranca's crew, because four of this crew were taken off at Colon, actually suffering with yellow jack.

Health Officer Doty believes that within twenty-four hours his tests will show that the remaining sick from the Seguranca are merely suffering from an epidemic of low fever, which is quite common on board ships arriving in New York from the isthmus.

Origin of New Orleans Infection.

Norfolk, Va., July 29.—Colonel Sir David Wilson, K. C. M. G., Governor of British Honduras, and his wife, are passengers on the British steamer Sarstoon, Captain Campbell, en route from Belize to London, which stopped at Newport News yesterday for bunker coal.

The Governor and his secretary came ashore for a short time last night, and called this morning on the Sarstoon. The Governor and his wife are returning to England and will remain there until after the authorities have stamped out the yellow fever, which has been raging in Belize for the last several weeks, and which claimed their daughter a few weeks ago. The daughter of the Governor was a brilliant young woman, and at the time she was stricken she was making preparations for her wedding. She died after a short illness from the disease.

The fever was carried from Belize to New Orleans on a fruit vessel.

Texas Relaxes Quarantine.

Houston, Texas, July 29.—State Health Officer Tabor to-day lifted the quarantine against the State of Louisiana, with the exception of New Orleans and the town of Bunkie. Dr. Tabor states that his action was taken because of the quarantine against New Orleans and other points established by the Louisiana State Board.

Got a Bad Scare On.

Natchez, Miss., July 29.—Natchez and Adams county are co-operating in the maintenance of a detention camp at Concord. The town has quarantined against the world. The train service on the Mississippi Valley and Southern railroads has been reduced to one train daily. Fifty-five refugees who were coming to Natchez are detained at Camp Concord, and will be held five days. Volunteer and paid guards stand duty night and day, guarding every approach to the city.

Cars from New Orleans Stopped.

Mobile, Ala., July 29.—The Board of Health this afternoon adopted a regulation requiring persons from New Orleans and other infected places to undergo seven days detention before being allowed to enter Alabama. This is applicable to immunes as well as nonimmunes. The Board also authorized Doctors Sanders and Goode, State and city health officers respectively, to perfect details with railroads whereby passenger coaches from New Orleans shall be detained at the State line and not permitted to enter this State, other coaches to be provided as a relay.

Memphis, Tenn., July 29.—Following the quarantines established by Memphis and Chattanooga, the entire State of Tennessee this afternoon closed its doors against New Orleans and other points where yellow fever is prevalent. This action was taken at a joint meeting here of the State, City and County Boards of Health. After the meeting this afternoon Secretary Haas of the local Board of Health gave out the following statement:

"We require a certificate or affidavit to the effect that a person has not been in the infected district in the past six days. This certificate must be accepted in every particular before a person is allowed to enter from the Southern Districts."

Governor Montague, of Virginia, has received a communication from Governor Pennypacker, of Pennsylvania, informing him that the Keystone State Legislature has appointed a committee on uniformity of legislation in regard to divorce and requesting that he do all he can to promote the cause indicated. There is a Virginia Legislative Committee on this subject, which was appointed in 1903, and which has board powers.

TWO SCANDALS TO BE HANDLED

In the Cotton Leak Case Witnesses Need Not Incriminate Themselves

HOLMES' PALS MUST TESTIFY

Moses Haas, Go Between, Will Go Before Grand Jury on Tuesday —President Roosevelt Orders Prosecution of Dr. Moore.

By Wire to the Morning Star.

Washington, July 29.—The recalcitrant witneses in the investigation of the cotton leakage case will not be required to answer any questions tending to incriminate them, which may be asked by District Attorney Beach in the proceedings before the grand jury. Questions of a non-incriminating character must be answered and all inquiries concerning which there may be a doubt must be submitted to Justice Wright of the Criminal Court of the District of Columbia. Such was the decision of Justice Wright today when the case of Moses Haas came before him. The ruling was as to questions already propounded in the grand jury room. The witness was directed to answer the inquiry as to whether he had lived in Washington and had been employed by the Department of Agriculture. He was excused from saying whether he knew Edwin S. Holmes, the dismissed associate statistician of the Department, against whom the grand jury investigation presumbaly is being directed, and whether he knew F. A. Peckham who has been associated, by the report of the former investigation made by direction of Secretary Wilson, with Holmes in the manipulation of the cotton estimates. The district attorney gave notice to Mr. Haas that he would expect him to appear before the grand jury Tuesday next, and he informed Judge Wright that it is probable that other questions will be brought to his attention as the inquiry proceeds.

To Prosecute Dr. Moore.

Oyster Bay, N. Y., July 29.—An investigation of the case of Dr. George T. Moore, physiologist and alcologist of the Department of Agriculture, who resigned yesterday is to made by the Department of Justice to determine whether prosecution is warranted by the facts.

This was made clear tonight in correspondence between the President and Secretary Wilson, the publication of which was authorized by the President. It appears from this and the accompanying papers that the first suggestion toward looking into the bureau in which Dr. Moore was employed came in a letter to President Roosevelt, from T. D. Harman, manager of the National Stockman and Farmer, under date of July 15, last. In his letter, Mr. Harman says he has abundant evidence that employes of the Department have been unduly interested in firms which have been organized to develop and sell nitro-cultures to farmers and others at exhorbitant prices.

This letter was referred to Secretary Wilson, who replied by transmitting Moore's resignation, saying that the papers had been sent to the Department of Justice to determine whether the case requires action.

Secretary Wilson's Resignation.

Washington, July 29.—Secretary Wilson, of the Department of Agriculture, today characterized as "wholly without foundation" the story that he will resign from the cabinet because of the exposures of the cotton leak. "You may state," he said emphatically, "that I shall not resign."

SWINDLERS SET FREE.

Got $12,500 From Men and Court Decides for Gamblers.

By Wire to The Morning Star.

New York, July 29.—After listening today to testimony in the case of Champe S. Andrews, charged with extortion by Mrs. John S. Strosnider, wife of one of two men whom he caused to be arrested rently on a charge of swindling Dr. John A. Harris, a broker, out of $12,000, Judge Olmstead, in the court of general sessions, declared that no specific crime had been proved and intimated that he was willing to dismiss the complaint.

A number of witnesses were called today, among them Strosnider, who testified:

"We were to go to a gambling house where McKee was dealing faro, and Harris was to follow McKee's signals. This simple system called for an outlay of $10,000 with the certainty of winning $20,000 at a sitting.

"We had several re-hearsals at my house and at Dr. Harris' house. On March 17 we went to a gambling house.

The doctor bought a $10,000 stack of chips and started in to play. I bought a smaller stack. The doctor lost his $10,000. I lost, too, but McKee had the money.

"After thinking the matter over a few days, Dr. Harris decided that the system for beating the bank, the faro-bank, was faulty and he called for another rehearsal. The next day he visited the gambling house again, McKee tells me and dropped $2,500. I was there that afternoon."

Strosnider said that later, after another rehearsal, he was arrested and confronted by Andrews, who demanded the money. McKee gave similar testimony.

HEALTH BOARD RESPONSIBLE.

Governor Vardaman Declares Yellow Fever is Due to Neglect.

By Wire to The Morning Star.

Jackson, Miss., July 29.—Governor Vardaman this afternoon made reply to the interview of Governor Blanchard, of Louisiana, in which the latter called upon Governor Vardaman to prove his charges against the Health Boards of Louisiana and New Orleans. Governor Vardaman said:

"I can hardly think the Governor of Louisiana needs any proof of the charge against the Health Officials of Louisiana. I believe, and I think everybody else believes, that they knew that there were a great many cases of yellow fever in the city of New Orleans long before the official announcement of that fact was made one week ago to-day.

This is a very serious matter, which affects Mississippi as well as Louisiana. If this threatened plague shall spread through Mississippi, Alabama and the rural districts of Louisiana, it will be due, in my judgment, to the failure of the Health Officers of New Orleans and the Chief Health Officers of the State of Louisiana to sound the note of warning when it should have been sounded. I would not do any man an injustice, but I feel that the wrong done the people of Mississippi is due to the neglect of duty or the incompetence of these men."

JAPANESE ARE ENTHUSIASTIC.

Welcome and Honors for Secretary Taft and Miss Roosevelt.

By Cable to The Morning Star.

Tokio, July 29.—Secretary Taft and his party left for Kioto on a special train last evening receiving an enthusiastic send-off at the Shimbashi station from a distinguished assemblage, including court, military and naval officials, and bankers and other mercantile representatives. Among the ladies was Madame Togo, wife of Admiral Togo, whose quite, unostentatious manner attracted no small attention as reflecting the prominent characteristics of her husband. Seldom has a foreign party received so brilliant and hearty a send-off. A dispatch from Nagoya says:

The Taft party received hearty ovations at all principal railroad stations. The Nagoya was full of distinguished personages; much cordially manifested between the members of the party and those who welcomed them.

Nagasaki, July 29.—Secretary Taft and party arrived at Kyoto to-day. The Governor, Mayor, and other officials and a great crowd of people greeted the visitors. A band played the American anthem as the train was entering the station. Miss Alice Roosevelt was prevented with many flowers. The party visited the old Imperial palace, the temples and museums and this evening witnessed a cherry dance. They wil proceed to Kobe to-morrow.

DELMAR CLUB IS IN TROUBLE.

Governor Folk Pushing Proceedings For Confiscation of Property.

By Wire to The Morning Star.

St. Louis, July 28.—In a statement signed Samuel W. Alder, one of the stockholders, the Delmar Jockey Club today announced that there would be no racing at the Delmar track this afternoon, and that the track would be closed pending the court proceedings at Jefferson City.

Jefferson City, Mo., 28.—Quo warranto proceedings, prepared by Attorney-General Hadley, were filed in the Supreme Court today seeking to annul the charter of the Delmar Jockey Club and to confiscate the property for the use of the State. Judge Marshall of the Supreme Court, issued an order directing the respondent to appear before the Supreme Court on October 10 and show cause why the charter should not be annulled and the property forfeited to the State. The petition alleges the misuse of the franchise granted the jockey club since the law prohibiting pool selling and book making recently went into effect.

Dray Ran Over Child.

Richard, the five-year-old son of Mr. W. W. Thigpen, was run over by a dray and severly injured yesterday evening at 6 o'clock in the vicinity of Ninth and Chesnut streets. The boy was swinging to the rear of an ice wagon, the dray closely following. The little fellow either jumped or fell off the ice wagon and before he could recover himself, he was knocked down by the horse to the dray. One of the wheels passed over the boy's back and shoulder. Dr. R. H. Bellamy was summoned and found that no bones were broken. It will be a day or two, however, before it is known if the boy is injured internally.
